## Scale Up Emergency Response to Burundian refugee crisis in Tanzania – TZA161

**Appeal Target: US\$ 2,998,470**

**Balance Requested: US\$ 2,998,470**

Nairobi, November 16 2016

Dear Colleagues,

Now more than a year since Burundi's current crisis began, more than 160,000 men, women and children remain in refugee camps in Tanzania and are unable to return home. The situation inside Burundi continues to worsen. A low intensity urban conflict is spreading progressively from Bujumbura to other provinces, resulting in targeted assassinations, torture, harassments and abuses.<sup>1</sup> Coupled with an economic collapse brought on by the conflict, this makes it virtually impossible for displaced Burundians to return home safely.

Hundreds of refugees from Burundi are still entering in Tanzania every day while 140,448 Burundian refugees are currently living in Nyarugusu, Nduta and Mtendeli camps in Kigoma region. As many informants from UNHCR, INGOs and refugee leaders suggest, a quick solution to the current political crisis in Burundi and the short-term repatriation of refugees are unlikely. The current refugee situation is developing into a protracted crisis that will plausibly last for several years.

The likely scenario of an extended presence in Tanzania is changing and increasing the needs of the refugees. Basic requirements need to be provided ensuring a comprehensive long term self-reliance strategy. Given the likelihood that the refugee crisis is becoming protracted, this must be done in ways that also promote social cohesion among refugees and their Tanzanian neighbours, as well as recently arrived Burundians and long-staying refugees who had fled other regional conflicts. Furthermore, due to the constantly worsening situation in Burundi, a prompt life-saving response for the new arrivals needs to be included in the emergency response.

**This full appeal replaces the preliminary appeal issued on July 20, now removed from our website.**

**I. EXECUTIVE SUMMARY****TITLE:** Scale Up Emergency Response to Burundian Refugee Crisis in Tanzania**ACT APPEAL NUMBER:** TZA161**APPEAL AMOUNT REQUESTED (US\$):** 2,998,470**DATE OF ISSUANCE:** 16, November 2016**NAMES OF ACT FORUM AND REQUESTING MEMBERS:**

ACT FORUM	ACT FORUM TANZANIA
ACT REQUESTING MEMBERS	<b>TANGANYIKA CHRISTIAN REFUGEE SERVICE (TCRS)</b> <b>CHURCH WORLD SERVICE (CWS)</b>

**THE CRISIS**

Now more than a year since Burundi's current crisis began, more than 160,000 men, women and children remain in refugee camps in Tanzania and are unable to return home. The situation inside Burundi continues to worsen. Hundreds of refugees from Burundi are still entering in Tanzania every day. The current refugee situation is developing into a protracted crisis that will plausibly last for several years.

**PRIORITY NEEDS**

Based on recent needs assessments carried out by TCRS, CWS and NCA the following sectors are identified as priority needs for the Burundian refugees living in Nyarugusu, Nduta and Mtendeli camps:

- Water, Sanitation & Hygiene (WASH)
- Non-Food Items (NFI) and cash based intervention
- Community Based Psychosocial Support (CBPS)
- Primary education
- Livelihood and self-reliance

A target population of over 67,000 refugees will benefit from the planned interventions.

**PROPOSED EMERGENCY RESPONSE**

## II. OPERATIONAL CONTEXT

### 1. The crisis:

The disputed Burundian presidential election and the appointment of Pierre Nkurunziza for a third presidential term led over 298,000 people to flee the country.

Rwanda, Uganda, Congo and Tanzania have been affected by the crisis with an ongoing influx of refugees that is lasting over one year.

Political turmoil and deteriorating living conditions have been identified as key factors prompting Burundians to leave their country.<sup>2</sup>

- Confrontation between government and opposition developed into targeted assassinations, urban violence and widespread fear of persecution that are escalating since the announcement and subsequent re-election of Nkurunziza as president of Burundi in July 2015.
- The institutionalized ethnic power-sharing system and the democratic consensus reached in the Arusha declaration have weakened and early signs of ethnic polarization have been already detected inside Burundi.
- Over 61% of the population of Burundi is classified as “population in severe poverty”.<sup>3</sup> Food shortages are increasing within the country as a direct consequence of El Nino and the political turmoil. The decision of the EU to withhold direct financial support to the administration due to the protracted political crisis will have a profound impact on the population, as about half of the country’s annual budget is provided by the European Union.<sup>4</sup>

Further deterioration of the political situation will continue limiting livelihood opportunities and services for the population, possibly leading to a full scale humanitarian crisis with massive displacement inside and outside the country.

The current refugee crisis in Tanzania began in the late April 2015. The influx started with an early spike of over 50,000 refugees crossing the border into Tanzania in the month of May 2015, mostly through the border village of Kagunga at the Lake Tanganyika.

All refugees were relocated to the existing Nyarugusu refugee camp that was already hosting over 65,000 people of concern, mostly Congolese.

With the intention of reallocating Burundian refugees to new camps, in August 2015 the Tanzanian government authorized UNHCR to conduct a preliminary survey in three new sites: Nduta, Mtendeli and Karago in Kibondo and Kakonko districts.

Nduta camp was opened in the early October 2015 and started receiving Burundian refugees relocated from Nyarugusu together with new arrivals directly from the border points. Benefitting from a reliable ground water supply, Nduta is currently at its full capacity hosting over 55,000 refugees.

Mtendeli refugee camp was opened in the early January 2016 and started receiving Burundian refugees relocated from Nyarugusu. The relocation process to this camp is still ongoing. Over 35,000 Burundian refugees are currently living in Mtendeli while the full capacity of the camp is estimated to be over 50,000 people. The relocation process and the expansion of Mtendeli are dependent on the availability of underground water; geophysical surveys and borehole drilling are currently ongoing in the camp.

UNHCR has recently started surveying the underground water capacity of Karago, the last site proposed by the Government of Tanzania to be developed into a refugee camp.

<sup>2</sup> Burundi: A Dangerous Third Term, crisis group, <http://www.crisisgroup.org/en/regions/africa/central-africa/burundi/235-burundi-a-dangerous-third-term.aspx>

## 2. Actions to date

### 2.1. Needs and resources assessment

In May 2015, the ACT Tanzania forum requested the appeal TZA151 in response to the early needs of the Burundian refugees.

The appeal was granted from May 5<sup>th</sup> 2015 to May 23<sup>rd</sup> 2016; an extension to the 30<sup>th</sup> of June 2016 was approved in April 2016.

46% (810,679\$) of the total appeal request (1,871,208\$) has been funded by twelve ACT members.

CWS and TCRS have been responding to the basic needs of the refugees in Nyarugusu, Nduta and Mtendeli camps focusing on Water Sanitation and Hygiene (WASH), Non Food Items distribution (NFI) and Community Based Psychosocial Support (CBPS).

#### Response in Nyarugusu (June-September 2015)

- Procurement and distribution of cleaning materials, hygiene kits and jerry canes
- Construction of temporary latrines, bathing shelters and garbage pits
- Sanitation support at the reception centers
- Procurement and installation of 5,000lt water tanks
- Plastic sheeting worthy more than 120,000 USD and in stock by TCRS were distributed in the first phase of the emergency to Burundian refugees

<sup>5</sup> file:///C:/Users/CWS/Downloads/RefugeeSituationStatsReport\_08Jul16.pdf

**Response in Nduta and Mtendeli (October 2015 – June 2016)*****WASH in Mtendeli camp***

- Drilling of two successful boreholes
- Construction of family latrines, permanent latrines and bathing shelters
- Purchase and distribution of WASH NFI, cleaning materials and dignity kits
- Installation of hand washing facilities
- Construction of washing slabs
- Promotion of safe hygiene practices

***Community Based Psychosocial Support (CBPS) in Nduta and Mtendeli camps***

- Day to day psychosocial counseling to refugees
- Procurement and distribution of dignity kits for girls and women
- Training on SGBV prevention
- Community inclusive discussion and dialogues and community reconciliation activities
- Peace-building and social cohesion activities with host communities
- Psychosocial community building events
- Renovation and management of two youth centers; engaging youths in games, sports, theatre and music

**Contributions by other ACT Members**

- In November 2015, Church of Sweden deployed two consultants to provide training and guidance in the CBPS sector
- In December 2015, Danish Church Aid supported the appeal interventions and funds were utilized to purchase dignity kits and WASH NFI urgently needed in the camps
- In May 2016, ACT Member IOCC provided funding to scale up the water provision in Mtendeli camp
- Since June 2016, NCA is supporting the WASH sector with the secondment of a WASH advisor to TCRS

TCRS, CWS and NCA have recently carried out needs assessments in WASH, Livelihood and CBPS.

Based on the results of those assessments the following sectors are preliminary identified as priority needs for the refugees living in Nyarugusu, Nduta and Mtendeli camps:

- Water, Sanitation & Hygiene (WASH)
- Non Food Items (NFI) and Cash Based Interventions
- Community Based Psychosocial Support (CBPS)
- Primary education
- Livelihood and self-reliance

A target population of at least 67,000 refugees will benefit from the planned interventions.

**2.2 Situation analysis**

The Burundian refugee crisis began in April 2015 after a disputed presidential election and the appointment of Pierre Nkurunziza into a third term in office, condemned as unconstitutional by the

opposition.<sup>6</sup> In a country with a long history of ethnic and political violence and over 60% of its population under the poverty line, a low intensity urban conflict has spread progressively from the capital, Bujumbura, to the other provinces. Due to targeted assassinations, torture, harassments and a widespread fear of persecution, over 267,000 people fled Burundi since May 2015.

Today, hundreds of asylum seekers from Burundi enter Tanzania daily and over 157,000 registered Burundian refugees are currently living in Nyarugusu, Nduta and Mtendeli refugee camps in Western Tanzania. Since the middle of August 2016, the number of refugees entering Tanzania from Burundi has been increasing steadily. This new displacement spike is prompted by forced recruitment of youths inside Burundi, reunification of family members and an alarm among the population of a possible new coup. UNHCR projection of refugee displacement from Burundi by the end of 2016 in the region is at 330,000 refugees. In Tanzania UNHCR estimate that 170,000 new Burundian refugees will arrive in Tanzania by the end of 2016.

### 2.3 Capacity to respond

TCRS was founded in 1964 and since then has been working closely with local government and UN agencies to address refugee emergencies and development programs all over Tanzania. TCRS has an operational base in Kibondo where refugees operations are managed. TCRS is currently leading the water sector in Mtendeli refugee camp for the UNHCR and implementing CBPS in both Nduta and Mtendeli camps.

CWS has been providing emergency relief, development and protection programs in Africa for more than 40 years. The CWS Africa program manages and implements relief and development programs in 8 countries in Africa and manages the Resettlement Support Centre, in partnership with the US Department of State, which oversees refugee resettlement applications from refugees in all 49 countries in Sub-Saharan Africa. CWS recently open an operational base in Kasulu to operate in Nyarugusu refugee camp.

### 2.4 Activities of forum and external coordination

All ACT Tanzania forum members have been informed and participated to regular update meetings on the ACT Appeal TZA151 implementation. A similar system will be adopted for this appeal TZA161. CWS and TCRS regularly attend coordination meetings in Dar es Salaam, Kibondo and Kasulu bases organized by the Ministry of Home Affairs and UNHCR. Specific weekly coordination meetings on WASH and Protection are being attended by TCRS staff in Mtendeli and Nduta refugee camp.

## III. PROPOSED EMERGENCY RESPONSE

### 1. TARGET POPULATION, AREAS AND SECTORS OF RESPONSE

Appeal activities will be carried out in all refugee camps in Kigoma region.

#### Target population in Nyarugusu refugee camp

## 2. Overall goal of the emergency response

### 2.1 Overall goal

The emergency response to the Burundian refugee influx in Tanzania is scaled up to provide timely relief, improve living standards and ensure self-reliance opportunities to refugees living in Nyarugusu, Nduta and Mtendeli camps.

### 2.2 Outcomes

- **Water, Sanitation & Hygiene (WASH)**  
Refugees and host communities access life-saving WASH assistance and services provided above the emergency Sphere standards, promoting self-esteem and ownership
- **Non Food Items (NFI) and Cash Based Assistance to Extremely Vulnerable Individuals (EVI)**  
Refugees dignity is uphold through the distribution of appropriate and gender sensitive Non Food Items and supporting Extremely Vulnerable Individuals with direct cash assistance
- **Community Based Psychosocial Support (CBPS)**  
Refugees are supported in restoring hope, dignity, mental and social well-being that promote a sense of normality in the camps and encourage a stable and proactive life
- **Primary education**  
Refugees children are accessing structures and equipment for primary education that improve their quality of learning
- **Livelihood and self-reliance**  
Literacy and life-skills are enhanced and appropriate livelihood and self-reliance opportunities are provided to refugees.

### 3. Proposed implementation plan

#### 3.1 Narrative summary of planned interventions

## TCRS Intervention

TCRS will reduce vulnerability of more than 67,000 Burundian refugees living in Nduta and Mtendeli refugee camps in western Tanzania providing a timely emergency response in the sectors of water, sanitation and hygiene (WASH), Non-Food Items distribution (NFI) and cash based assistance, Community Based Psychosocial support (CBPS), primary education and livelihood opportunities/self-reliance.

### **OUTCOME 1: WASH. Refugees and host communities access life-saving WASH assistance and services provided above the emergency Sphere standards, promoting self-esteem and ownership**

The proposed activities will increase and sustain access to safe water, sanitation facilities and promote hygiene practices for refugees living in Mtendeli camp, the new refugee camps yet to be established and for the host communities affected by the emergency.

#### Output 1.1 Increased access to safe water to refugees and host communities in Kakonko District

- 1) Drill and equip 4 boreholes in Mtendeli refugee camp and in new refugee camps to be established
- 2) Drill and equip 2 boreholes for the host community living nearby the refugee camp

The provision of water in Mtendeli camp has been challenging since the inception of the emergency. On-going environmental degradation in the area affected the seasonal streams and rivers that can no longer provide a sustainable source of water for the population living in the refugee camp. Lacking of a permanent access to rivers or other water intakes, Mtendeli camp is fully dependent on underground

water. The quantity of water extracted by the boreholes is dictating the number of refugees to be hosted in the camps including the new arrivals from the border points and the relocations from Nyarugusu camp.

Through an additional four water sources to be provided by this response:

4. The hosting capacity of Mtendeli camp will reach 55,000 refugees, as planned by the Ministry of Home Affairs of Tanzania.
5. New refugee camps, yet to be established, will be provided with reliable source of water
6. The refugee population will be receiving more than 20lt of water per person per day, exceeding the minimum standards required for the emergency (SPHERE standards).

Two boreholes will be drilled in Kasanda and/or Kazilamihunda villages located nearby Mtendeli refugee camp and currently affected by the emergency. Over 7,000 beneficiaries will be supported in increasing their safe water coverage, promoting social cohesion and acceptance between refugees and host community.

Output 1.2 Increased access to WASH NFIs, cleaning materials and sanitary facilities

- 3) Purchase of water treatment chemicals
- 4) Operation and maintenance of the water system in Mtendeli refugee camp
- 5) Purchase and distribution of jerry cans (20 Ltrs)
- 6) Purchase and distribution of WASH NFI
- 7) Purchase of cleaning materials for public latrines
- 8) Purchase and distribution of chemicals for larva siding
- 9) Construction of family latrines (individual household latrines) using dome shaped slabs
- 10) Construction of temporary communal latrines and bathing shelters at the reception centres
- 11) Construction of permanent latrines and bathing shelters at the public spaces
- 12) Rehabilitation of existing latrines and bathing shelters
- 13) Purchase and installation of hand washing facilities (tip/tap)
- 14) Construct and maintain washing bays for clothes and utensils at the tap stands
- 15) Waste disposal units for public structures

TCRS will continue ensuring appropriate operation and maintenance of the water system in Mtendeli refugee camp, including the purchase and appliance of water treatment chemicals. Refugees living in Mtendeli camp will receive 10,000 rigid jerry cans (20lts capacity each) and 3,000 WASH NFIs kits. Items to be included in the kits are buckets, small jerry cans, bathing and laundry soaps, personal hygiene materials and cooking utensils. Providing appropriate hygiene services in public spaces including reception centres, food distribution points, primary schools and hospitals is crucial to reduce the incidence of diseases. Cleaning materials including disinfectants, washing soap, brushes, racks, hoes as well as chemical for larva siding will be procured and distributed in the refugee camp. Consolidating and extending the activities implemented in the ACT Appeal TZA151, TCRS will increase significantly the available sanitation services and facilities in Mtendeli camp. The GoT has ordered the use of less trees on the construction of refugee shelters and refugee latrines. Thus construction of family latrines is now by using dome shaped concrete slabs which will also be used for bathing. With this funding 1,100 family latrines will be constructed at 1,100 constructed family transitional shelters (T-shelters). Temporary latrines blocks and bathing shelters will be constructed at the reception centre of the camp. Permanent latrines and showers will be constructed in public spaces including markets, hospitals, distribution sites and reception centres. Routine repair, rehabilitation or decommissioning of latrines will be carried out in the whole Mtendeli camp. Tip/tap hand washing facilities will be installed for every temporary latrine.

Washing slabs (70 units) will be constructed in close proximity of every water tap stand, ensuring an appropriate space for laundry and washing of utensils. Waste disposal units will be dug in close proximity of every public structure including hospital, schools, distribution centres, reception centres and markets.

Output 1.3 Good hygiene practices are promoted to the refugees

16) Increasing awareness of hygiene and sanitation practices

Hygiene promotion will be undertaken through a Community Based Approach that improves community ownership and support beneficiaries' participation in planning and delivery of activities. TCRS will continue to build and strengthen community level public hygiene promoters whom can take charge of care and management of the water facilities, sanitation mobilisation and hygiene promotion. Drama groups and school clubs will be part of the public health promotion activities. Those activities have proven effective in disseminating hygiene messages to the wider community, particularly children.

To complement the promotion of safe hygiene practices, TCRS will conduct broader hygiene and sanitation promotion at the community level, led by 120 incentive hygiene promoters. The promoters, responsible for raising the awareness on healthy hygiene and sanitation practices, will be chosen in close collaboration with the refugee community, TCRS will facilitate their selection. Prior to the deployment, the promoters will receive a comprehensive training by the WASH Officers to ensure they are equipped with the necessary knowledge and community mobilization skills required to conduct sensitization campaigns. Hygiene promoters will receive monthly incentives as per the UNHCR guidelines. In addition to the monthly campaigns, the hygiene promoters will conduct home visits to monitor the use of sanitation facilities and equipment, offering support to households who benefit from the latrine construction, support in data collection and conduct other hygiene promotion activities in their settlements.

**OUTCOME 2: Refugees dignity is uphold through the distribution of appropriate and gender sensitive Non Food Items and supporting Extremely Vulnerable Individuals with direct cash assistance**

TCRS will use a combined methodology of NFI distribution and direct cash assistance to support vulnerable households and Extremely Vulnerable Individuals living in Nduta and Mtendeli refugee camps. Beneficiaries of the interventions will include minor headed households, single mothers, and people with physical and mental disability.

Output 2.1 Improved equitable access to essential Non-Food Items for refugees in Mtendeli and Nduta refugee camps

NFI kits (cook kits, clothing, shoes, plastic sheets, etc.) will be procured and distributed through the existing UNHCR NFI distribution system. Selection of beneficiaries will be conducted by TCRS in close collaboration with UNHCR and other agencies working with vulnerable household and individuals (People with Special Needs). TCRS will engage staff to maintain the warehouse and conduct the distribution of the NFIs.

Output 2.2 Extremely Vulnerable Individuals are supported with direct cash assistance

Direct Cash Assistance will be provided to 500 Extremely Vulnerable Individuals including minor headed households, single mothers, and people with physical and mental disability. Selection of beneficiaries will be conducted by TCRS in close collaboration with UNHCR and other partners implementing

protection activities in the camps. A dedicated training to TCRS staff will be conducted to scale up knowledge and expertise on cash based programming.

**OUTCOME 3: Community Based Psychosocial Support (CBPS) Refugees are supported in restoring hope, dignity, mental and social well-being to promote a sense of normality in the camps and encourage a stable and proactive life**

TCRS aims at helping refugees to improve their psychosocial well-being and accessing key community and family supports functions disrupted by the displacement. Refugees will be assisted in restoring hope, dignity, mental and social well-being promoting a sense of normality in the camps and attaining a stable and proactive life. The results and activities included in this outcome have been developed from the outcomes of the KAP survey on CBPS conducted by CWS and TCRS in April 2016.

*Output 3.1 Family result: the level of common decisions making is increased inside of the family*

- 1) Family and marriage counselling through psychosocial support officers in Nduta and Mtendeli refugee camps. Marriage practices, mutual understanding & gender equality are improved
- 2) Organization of family days to promote sharing and discussion between men and women
- 3) Group discussions with the general adult refugee population on marriages practices, legal age and polygamy
- 4) Production of leaflets to raise awareness on legal age marriages and strengthening the decision making for girls on marriages practices
- 5) Women's day celebration. Promoting and celebrating the role of women in the society

*Output 3.2 Health practices result: youths have enhanced knowledge on reproductive health and family planning*

- 6) Counselling on reproductive health for youths in Nduta and Mtendeli youth centres with a dedicated reproductive health officer
- 7) Bi-Monthly youth sensitization and peer education trainings on reproductive health and HIV/AIDS
- 8) Youth Health celebrations to promote a better understanding of the available health services in the camps and reduce the risks connected to the traditional healers

TCRS will enhance knowledge on reproductive health and family planning through a permanent counselling officer stationed at the Nduta and Mtendeli youths centres spaces. Trainings, youth sensitization and peer education on reproductive health services available in the camps will encourage informed decisions and reduce the health risks connected to the use of traditional healers and the lack of information.

*Output 3.3 Community decision making result: promote inclusion and community participation of refugees*

- 9) Bi-weekly community discussion and dialogues with adult refugee population and refugee leaders to promote proactive thinking and proposition of activities to improve life in the camps.
- 10) Monthly training on effective leadership for zone leaders in each camp
- 11) Community building, inter-ethnic cohesion events: traditional Burundian music and festivals, involving refugees in decision making on activities to be implemented.
- 12) Focus Group Discussion on "trust" between refugees

Community inclusion and participation of refugees in decision making will be improved. Community discussion and dialogues with adult refugee population and leaders will be conducted to promote proactive thinking and actions that can improve life in the camps.

Output 3.4 Rules and regulation result: promoting understanding and acceptance of rules and regulations in the refugee camps

- 13) Group discussions on rules, policies and regulations for refugees in Tanzania including legal methods to leave the refugee camps, involving NGOs providing legal aid.
- 14) Promote open discussions between the adult refugees and the Tanzanian police officers. Information sharing among adult refugees on how to report a crime and how to approach police officers
- 15) Training on peaceful conflict mediation and human rights inviting the adult refugee population and local security guards (sungusungu)

Output 3.5 Social cohesion result: promoting social cohesion and understanding between refugees and host communities

- 16) Reconciliation activities for refugees and host community to promote unity of culture and harmony including meetings, sport activities, celebrations and common worship
- 17) Youth Day celebration with refugees and host community

Promoting social cohesion and understanding between refugees and hosts community is an important activity no other agency is currently promoting in the emergency response. TCRS will implement social cohesion activities that benefit both refugee and host communities reducing tensions over the scarce resources. Furthermore, TCRS will establish a complaints response mechanism and apply a critical pathway mechanism to facilitate feedback and information sharing between the community, refugees and other service providers. TCRS will involve Evangelical Lutheran Church in Tanzania (ELCT) to provide pastoral counselling for both refugees and host communities.

Output 3.6 Youth result: engaging youths in sport, music and drama to increase their active life in the camp, positive thinking and problem solving

- 18) Operating the two youth centres spaces in Nduta and Mtendeli camps. Support to sport, music and drama groups; talent shows, vegetable gardens demonstration plots at the youth centres, peer education and youth focused discussions and dialogues.
- 19) Support to youth groups activities: entrepreneurship training, mobilization and business development support

Youth refugees will be mobilized to take part in cultural events and sport activities. Support to sports, music, drama groups and talent shows will increase the active participation of the youths in camp, positive thinking and problem solving. The youths will be supported with entrepreneurship training, mobilization of resources and business development.

Output 3.7 Durable solution result: promoting a durable solutions communication processes and advocacy through cross border coordination between ACT members responding to the crisis in Tanzania and Burundi

- 20) Monthly cross border monthly meetings between TCRS and CWS staff from Tanzania and ACT Alliance members currently responding to crisis within Burundi

ACT members in Tanzania and in Burundi are responding to the consequences of the on-going political crisis in Burundi. Coordination between agencies is crucial and will lay the foundation of a common ground for advocacy on durable solutions to the refugee crisis.

**OUTCOME 4: Primary education. Refugees children are accessing structures and equipment for primary education that improve their quality of learning**

Primary refugee education creates normalcy, routine and hope to the children and the global refugee population. Access to qualitative primary education for all refugee children living in Nduta and Mtendeli camps is still low and currently undermined by the lack of infrastructures and equipment including classrooms, desks and chairs, books, chalks and stationeries.

*Output 4.1 Primary education facilities and equipment are provided in Nduta and Mtendeli camps*

- 1) Primary schools building construction
- 2) Provision of furniture such as desks and chairs
- 3) Provision of education materials and stationaries

TCRS will build 5 permanent school building blocks, procure and distribute 200 desks and chairs, education materials and stationaries.

**OUTCOME 5: Literacy and life-skills are enhanced and appropriate livelihood and self-reliance opportunities are provided to refugees**

TCRS and CWS will implement an adult literacy and livelihood program targeting refugee in all camps of Kigoma region.

CWS will lead the livelihood/self-reliance sector, provide guidance and directions to TCRS and implement activities directly in Nyarugusu camp. TCRS will implement the same set of activities in Nduta and Mtendeli camps. Planned outputs and activities to be implemented in this sector are listed in the next chapter under the session of CWS intervention.

## CWS Intervention

CWS will lead the livelihood and self-reliance component of the appeal and support TCRS to implement the same set of activities in Nduta and Mtendeli camps. Living conditions of the refugees can be improved through a set of actions targeting the current gaps in the livelihood programming such as lack of technical skills to run income generating activities, limited adult literacy level, lack of access to the markets, demand but limited capacity to establish agricultural and livestock products. The Regenerated Freirean Literacy through Empowering Community Techniques (REFLECT) programme is a community based approach that aims at empowering beneficiaries with low rate of literacy and limited income.<sup>7</sup> Selected beneficiaries will be enrolled in one year REFLECT circle and they will gain critical skills on literacy, numeracy, vocational training and entrepreneurship aimed at establishing income generating activities. REFLECT circles consist of twenty participants and create safe spaces where participants feel comfortable to meet and discuss any issue relevant to their lives and obtain required training or development. By focusing on what people know as opposed to what they do not, REFLECT enables

<sup>7</sup> <http://www.reflect-action.org/>

groups which have often learned to see themselves as poor, uneducated and hopeless, to become experts in describing, discussing and analysing their environment and shaping it to meet their needs.

**- OUTCOME 5. Literacy and life-skills are enhanced and appropriate livelihood and self-reliance opportunities are provided to refugees**

*Outcome 5.1 - 400 beneficiaries in each refugee camp are enrolled in six months of adult literacy, numeracy and life-skills training*

- 1) Base line survey conducted and data analysis completed
- 2) Stakeholders' mobilization and workshop on reflect approach conducted
- 3) 3 weeks TOT given to 4 supervisors (Tanzanians)
- 4) 3 weeks training given to 20 (Burundians refugees)
- 5) 20 Reflect circles are established and running
- 6) 2 refresher training and exchange workshop conducted

**- Adult literacy and numeracy component**

Literacy and numeracy levels will be assessed for each beneficiary. Beneficiaries will be divided among three levels of literacy/numeracy and REFLECT groups of twenty participants will be formed accordingly. Twice a week informal adult literacy/numeracy classes will be provided to the beneficiaries by existing refugee teachers.

**- Life skills component**

The curriculum for the REFLECT life-skill component will be developed at the initial stage of the program. Key life-skills training will be decided among beneficiaries, key actors and informants. Life-skills trainings will include safe reproductive health, pregnancy and delivery, entrepreneurship, financial literacy, etc. Beneficiaries will be involved in one life-skill training once every week; every selected topic will be developed in several weeks.

*Outcome 5.2 - Four months of livelihood and self-reliance are provided to the beneficiaries of the REFLECT adult literacy and life-skills circles*

- 7) Development of individual career development plan and enterprise selection
- 8) Delivery of 4 months livelihood and vocational trainings to beneficiaries

Individual career plans will be developed for each beneficiary during the six months of literacy and life-skill training. Counselling and recommendations will be given to each beneficiary by a dedicated supporting staff. Based on the individual career plan, each beneficiary will decide the next involvement in livelihood, vocational training or business development. The training will be either implemented directly (in agriculture or short term vocational training) or beneficiaries will be seconded to other agencies and vocational training institutes. REFLECT groups will be encouraged to save a percentage of their income jointly to support future business initiatives and to support group members cope with upcoming shocks and vulnerabilities.

*Outcome 5.3 - Two months post training support is provided to beneficiaries assisting them in establishing sustainable income generating activities and business.*

- 9) Preparation and assessment of business plan feasibility
- 10) Micro grants/start-up capital deliver to targeted beneficiaries
- 11) Post training follow up

All beneficiaries will be trained in entrepreneurship and business plan development. Individuals and groups of beneficiaries will be requested to submit potential business plans for approval and further funding. Each business plan will be validated and funded based on the feasibility and sustainability of the proposed business. On-going support and follow up of the established business will be carried out for every seed capital delivered.

## IMPLEMENTATION METHODOLOGY

### 3.3.1 Implementation arrangements

TCRS and CWS are the requesting members for this appeal. The geographic areas of interventions are divided as follows: TCRS will implement directly in Nduta and Mtendeli camps, CWS will implement directly in Nyarugusu camp. TCRS will be responsible for the overall coordination, management, monitoring and reporting to the ACT Alliance on the WASH, NFI, CBPS, livelihood and education activities implemented in Nduta and Mtendeli refugee camps. CWS will be responsible for the overall coordination, management, monitoring and reporting to the ACT Alliance on the livelihood and self-reliance activities implemented in Nyarugusu refugee camp. CWS will provide technical support TCRS in the implementation of the same set of livelihood activities in Nduta and Mtendeli. A detailed MOU stating the implementation agreement, areas of support and division of funds will be signed between the two agencies, before the beginning of the appeal.

### 3.3.2 Partnerships with target populations

Since the start of the implementation of the ACT Appeal TZA151, Burundian refugees have been involved in drafting and streamlining all the activities implemented by TCRS and CWS. Participatory research and consultation are taking place, above all in the CBPS and WASH sectors ensuring accountability, appropriate beneficiary selection, monitoring and participation. CWS and TCRS will continue cooperating with the refugee community in all the activities planned for this appeal.

### 3.3.3 Cross-cutting issues

TCRS and CWS will follow the ACT Code of Conduct for the prevention of Sexual Exploitation and Abuse; anti-fraud and corruption policy and Complaints handling policy. Both agencies CWS and TCRS has complaints response mechanisms already in place and operational. Gender, age and diversity will be taken in careful consideration and mainstreamed in the program activities implementation.

Equal participation of women will be ensured with special regards on the activities that will promote gender empowerment such as REFLECT and CBPS. A ratio of at least 50% of women participants will be ensured in the REFLECT groups, NFI distribution and CBPS activities. Extremely Vulnerable Individuals (EVI) will be given priority in the activities implementation and will be included in the CBPS and REFLECT groups (I.e. single mothers, elders, people with HIV/AIDS, etc.) Environmental protection is kept in keen consideration in the implementation of this appeal. Promotion of safe environmental practices and Disaster Risk Reduction measures will be stressed and included in the REFLECT and CBPS life-skills promotion activities.

### 3.3.4 Coordination

TCRS and CWS will ensure that a monthly system of coordination between the two agencies is in place for all the activities implemented inside the appeal, guaranteeing appropriate follow up and information sharing with the ACT Forum Tanzania. TCRS and CWS will implement this emergency intervention in close collaboration and coordination with UNHCR and other humanitarian actors involved in the response to avoid duplication of efforts, adopt consistent approaches, share and solve problems collectively.

UNHCR and the Ministry of Home Affairs of Tanzania are leading the coordination among implementing agencies. TCRS and CWS will continue participating in a range of coordination meetings facilitated by UNHCR and the Ministry of Home Affairs of Tanzania both at the National level in Dar es Salaam and at the Kibondo/Kasulu field levels. TCRS will continue to participate in the regional meetings chaired by the Regional Commissioner at the Regional Administrative Secretary's office in Kigoma. Furthermore, TCRS and CWS will continue to participate in the monthly interagency coordination meetings hosted by UNHCR.

TCRS will continue to be involved in the coordination of WASH and Community Service Cluster's meeting activities across Kigoma region. Weekly meetings in the refugee camps are held to ensure the coordination among humanitarian actors. Regular formal and informal meetings will continue to be held with UNHCR, other humanitarian partners and local authorities as required. WASH and Psychosocial support needs are consolidated into 4Ws matrix to ensure a systematic approach for addressing key gaps. Coordination with the refugee population is also ensured through the already-established weekly meetings with refugee population leaders, focus group discussions with refugees and appropriate feedback mechanisms such as suggestion boxes.

### **3.3.5 Communications and visibility**

Visibility will be ensured for the ACT Alliance and the requesting members TCRS and CWS. All the logos will be incorporated in banners, working environments, vehicles, web sites, reports, staff clothing and other visibility materials produced during the implementation.

The CWS global communication platform includes regular blogs and posts on CWS website, Facebook and Twitter profiles; this media platform will support information sharing on the emergency response.

### **3.3.6 Advocacy**

Advocacy efforts targeting the local to the global level will be carried out throughout the appeal implementation. TCRS will ensure awareness and promote the refugee's rights through its network of partners and church affiliates.

CWS will ensure appropriate visibility to this appeal using its global media platform as well as involving the advocacy US based advocacy platform.

### **3.3.7 Sustainability and linkage to recovery – prioritization**

This appeal focusses on both emergency relief and long term livelihood support for refugees. Despite discussions on durable solutions are being conducted, the long term presence in the refugee camps in Tanzania is the likely scenario that most Burundian refugees will face in the next years. Promoting livelihood and support human development, as proposed in this appeal, is a key factor that will contribute to ensure refugee's long term self-reliance.

### **3.3.8 Accountability – complaints handling**

CWS and TCRS are adopting and mainstreaming Core Humanitarian Standards in all the activities implementation. CWS and TCRS will continue implementing the core principles of responsibility to all stakeholders, as detailed in the ACT Alliance Complaints Response Policy and in the internal organization policies.

With the aim of creating a safe environment, CWS and TCRS will ensure that beneficiaries can make complaints about the implementation of activities, respect of policies and sensitive issues. All complaints will be handled by an appointed complaint response officer; following the internal procedure of the two organizations, grievance will be investigated and addressed.

ACT Tanzania Forum members who will not be directly involved in the implementation of the project activities will be facilitated to play an oversight role of receiving complaints from the refugees in Mtendeli and Nduta camps respectively.

## **3.4 Human resources and administration of funds**

TCRS and CWS are the requesting members for this ACT appeal submitted to "Scale Up the Emergency Response to Burundian refugee crisis in Tanzania"

- TCRS is the lead agency for the ACT Appeal
- Two separate implementation plans and budgets are submitted by TCRS and CWS
- The geographic areas of interventions are divided as follow between the two agencies: TCRS will implement directly in Nduta and Mtendeli camps, CWS will implement directly in Nyarugusu refugee camp.

#### 1. TCRS COMMITMENTS

- TCRS is the recipient agency for the funds disbursed by ACT Alliance
- TCRS will be responsible for the overall coordination, management, monitoring and reporting to the ACT Alliance on the WASH, NFI, CBPS, livelihood and education activities implemented in Nduta and Mtendeli refugee camps
- TCRS notes that both TCRS and CWS are involved in the implementation of this ACT Appeal and the total funds to be disbursed by ACT will be shared as follow:
  - Approximately 90% of funds are assigned to direct implementation of activities in Nduta and Mtendeli refugee camps and will be managed by TCRS
  - Approximately 10% of the funds are assigned to direct implementation of activities in Nyarugusu refugee camp and will be managed by CWS
- As recipient agency, TCRS commits to timely coordinate and disburse the funds assigned for CWS direct implementation budget, equal to approximately 10% of all the funds that will be received in the appeal. Wherever funds are earmarked for either one of the agency or specific activities NOT implemented by CWS, there will be no sharing among agencies.
- As a lead agency, TCRS will lead the communications with ACT Alliance. Nevertheless, CWS will be informed, consulted and copied in all official communications with the ACT Regional and Global offices.

#### 2. CWS COMMITMENTS

- CWS will be responsible for the overall coordination, management, monitoring and reporting to the ACT Alliance on the livelihood and self-reliance activities implemented in Nyarugusu refugee camp. CWS will provide technical support to TCRS in the implementation of the same set of livelihood activities in Nduta and Mtendeli refugee camps
- CWS HQ will be involved in the fundraising effort for this appeal and support visibility and communication through its network
- CWS staffs, including the Emergency Coordinator, Finance Coordinator, M&E Officer and the Regional Representative will be available to TCRS for consultation and advice on project implementation, monitoring and financial management

#### 3.5 PLANNED IMPLEMENTATION PERIOD:

15 November, 2016- 31, October 2017

#### 3.6 MONITORING AND EVALUATION:

##### **CWS (Livelihood and Self Reliance in Nyarugusu Refugee camp)**

Program monitoring and evaluation will be a continuous activity that will take place throughout project implementation. The exercise will track the progress of the program against objectives, indicators and activity timelines so as to assess the suitability of the planned activities in meeting the laid down objectives.

This will be used to inform monthly program reports, interim reports and make management decisions. CWS will collect livelihood baseline information from the target beneficiaries at the start of the program. At the end of the program implementation period, an end-line survey will also be conducted to assess the achievements made so far. The data collected will be used to assess and analyze changes over time in refugees' access to livelihood opportunities.

#### *Data collection*

Both quantitative and qualitative data will be collected during the program implementation and properly documented onto the CWS database. Data quality will be assessed regularly at all levels to verify validity, completeness and consistency. Consistent errors, data capture and transfer issues that are noted will be documented, shared and corrective action proposed on site meetings or via email.

#### **TCRS (WASH, NFI and cash based intervention, CBPS, education, livelihood and self-reliance in Nduta and Mtendeli camps)**

Monitoring and evaluation will be an ongoing process which will involve a high degree of community participation. Appropriate participatory tools including the CHS (Common Humanitarian Standards) will be used in the monitoring and evaluation of all activities and this will be achieved through a coordinated approach with all stakeholders. Active involvement of community in the monitoring and evaluation is meant to encourage responsibility and sense of ownership as a means of building self-reliance. The Tanzania ACT forum members will carry out quarterly joint monitoring trips and provide feedback to the forum members and ACT Alliance regional coordinator.

Detailed monitoring for both agencies will be conducted as follows:

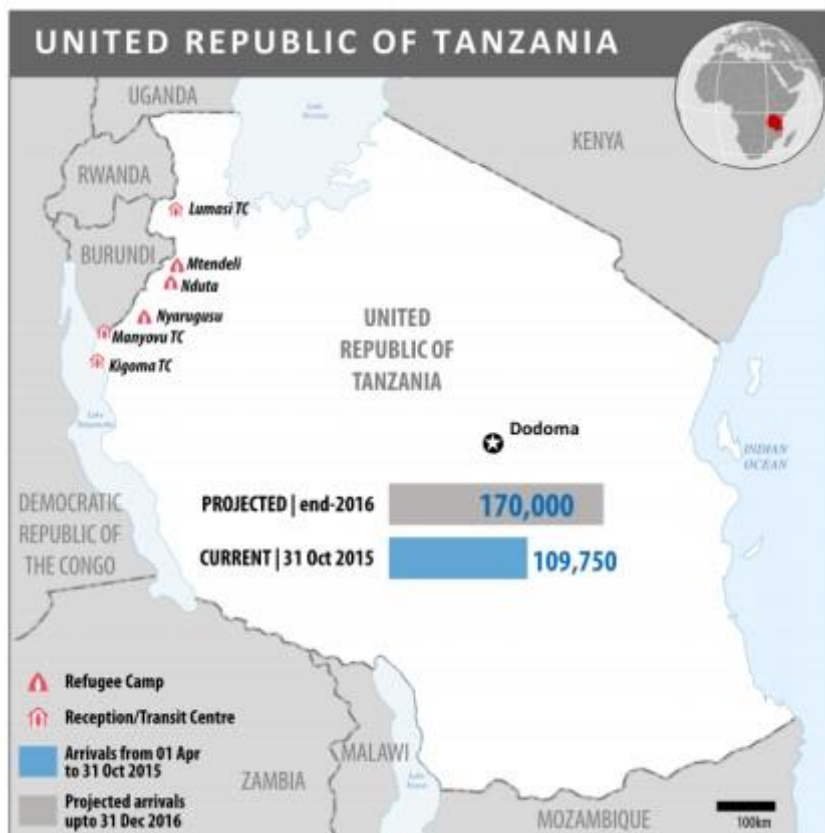

- Regular site visits by coordinators and department Heads;
- Monthly and quarterly progress including sub-project monitoring reports to Dar es Salaam and ACT Alliance.
- Monthly meetings of departmental heads and coordinators
- Monthly inter-agency and district meetings
- Regular meetings between camps leadership, rights holders, CWS and TCRS project staff.
- Quarterly monitoring visits by ACT Tanzania forum members – those who will not be directly involved in the implementation of this appeal.

#### **IV. THE TOTAL ACT RESPONSE TO THE EMERGENCY**

- TCRS is the lead agency for WASH in Mtendeli refugee camp. TCRS will be partnering with UNHCR and UNICEF to provide water sanitation and hygiene in Mtendeli camp.
- CWS and TCRS through funding from IOCC are currently supporting the drilling of two new deep boreholes in Mtendeli refugee camp
- CWS is supporting TCRS with its unrestricted funds to provide Community Based Psychosocial support in Nduta and Mtendeli refugee camp.
- NCA supported TCRS WASH sector with the deployment of a sanitation officer
- Fundraising activities inside and outside the appeal are taking place both at TCRS and CWS offices to continue providing support for the Burundian refugees living in the camps

#### **V. APPENDICES TO THE APPEAL DOCUMENT**

## Appendix 1: Map

## Appendix 2: Budget for each requesting member

CWS Budget	Type of	No. of	Unit Cost	Appeal	Appeal
	Unit	Units	local currency	Budget	Budget
				local currency	USD
<b>DIRECT COST (LIST EXPENDITURE BY SECTOR)</b>					
<b><u>Livelihood opportunities and self-reliance</u></b>					
<u>Beneficiaries have improved literacy and numeracy levels and knowledge on key life-skills topics</u>					
Base line survey and need assessments (livelihood, market assessment and adult literacy) in Nyarugusu	Survey	1	7,500,000	7,500,000	3,571
Community meeting with refugee, local leaders, UNHCR and stakeholders to raise awareness on the program and establish criteria for beneficiaries selection	Meetings	1	1,550,000	1,550,000	738
