Mapping the Initiatives

2. ground zero residents in 24 totally damaged and 8 partially damaged barangays

In a state of despair and agitation due to lack of information and clear options for them

Options have narrowed down into – Build a new Marawi – preferred by many experts because it is more convenient and practical, and Retain and Rebuild preferred by Maranaos

Duyog Marawi has added Shelter Assistance and Livelihood to the 3570 families along the Peace Corridor.
3. Peace is very fragile

a. Extension of Martial Law divides the population.

b. Rido (Clan Wars) are showing signs of being reignited.

c. BBL has divided the Maranaos, plus the 2019 election

Invitation
