## 1. BACKGROUND

### 1.1. Context

Two low pressure systems, one in the Atlantic and the other in the Pacific, caused intense rainfall conditions, flash floods in several communities in Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua from 5 to 18 October, In El Salvador Civil Protection reported 15 people injured, six dead, one missing and 768 people in shelters. In addition, 1541 flooded houses and eight houses destroyed, an affected school and three other collapsed walls; eight roads and 13 damaged streets, 120 contaminated wells. On October 6 a green alert was declared in El Salvador for the entire country. On October 7, a Yellow Alert was declared for 29 coastal municipalities, which on October 8 increased to 34 municipalities to include three municipalities in Morazán department and two in La Union department.

In Honduras, the rains have caused flooding and landslides across the country. Most damage has been reported in Francisco Morazán, Valle, and Choluteca departments, where a red alert was issued by the government. 12,076 people have been affected by the floods. 963 homes were damaged, including 169 flooded, and 9 completely destroyed. Among them, 7,234 people have been evacuated, and 6,789 moved to 78 temporary shelters. According to the National Emergency Operations Center (COEN) of COPECO, heavy rainfall left about 25,558 people affected and 9 dead. The number of people in shelter reached to 9,097, 11,552 people evacuated, and some 170 schools are damaged, eight bridges were affected as well as 63 roads, ten bridges destroyed, seven water systems damaged; 1,133 houses damaged and another 10 houses destroyed between the municipalities of Francisco Morazán, Choluteca and Valle. About 89 shelters were enabled most of them in educational centers in the department of Choluteca.

### 1.2. Needs

According to the needs assessment carried out by member organizations of the ACT Alliance Forums in El Salvador and Honduras the main needs are the following:

- Access to sufficient food
- Non-food items.
- Access to safe water.
- Livelihood recovery

The conditions for the affected population remain critical, mainly in food security, due to the loss of their crops due to flooding, the needs will become more demanding for the population in risk.

### 1.3. Capacity to respond

The ACT Alliance Forums in Central America, have a long term experience in emergency response and have responded to several emergencies since 1998. The participants organizations have long term development progrmas in the affected geographical areas. It is important to mention that there have being previous joint appeals in Central America, with satisfactory results. The spaces built by the Forums and their local relations in each country allow the establishment of alliances at the local, national and regional levels, to ensure effective communication and coordination for a humanitarian response.

# 2. PROJECT RATIONALE

### **2.1.** Intervention strategy

### **Unconditional Cash Delivery**

The proposed interventions aim to provide humanitarian assistance to households affected by the floods, in order to contribute for them to meet their basic needs for food. In summary, the support will be to carry out activities such as delivery of cash transfers and delivery of food kits. In El Salvador, The Salvadorian Lutheran Synod (SLS) and ALFALIT are going to provide unconditional cash to 457 households affected by floods in order to cover their most pressing needs. There is an MoU signed between the forum and a Government bank, through which the cash will be directed to the beneficiaries. In Honduras, there are 5 implementing organizations aiming to support 563 households with food kits delivery.

### **2.2.** Impact

To contribute to the recovery of households affected by floods in 13 municipalities of 6 departments in Honduras and El Salvador respectively.

### 2.3. Outcomes

- A. Vulnerable Households are able to cover their most pressing needs
- B. Improve targeted households' access to reach their basic food needs during the crisis.

### 2.4. Outputs

Sector	Outputs	
Unconditional Cash	A. 547 households have food to cover their basic needs for a	
(54,700.00 USD)	period of three months.	
Food Security	B. 563 Households meet a range of basic needs for 1 month.	
(42,225.00 USD)		
Main Activities	A.1 MoU with bank entity for cash transfers in El Salvador	
	A.2. Training on Cash transfer to staff and community leaders.	
	A.3. Explore local market to verify if there is enough food availability.	
	A.4. Deliver of Cash to selected households.	
	A.5 Monitoring and evaluation	
	B.1. Quotation and purchase of food	
	B.2 Purchase and distribution of food kits in Honduras.	

### **2.5.** Preconditions / Assumptions

The support of the local authorities and the proactive attitude of the beneficiary communities to date are maintained. The Implementing Organizations have adequate capacity in the field and can deliver the project efficiently and efficiently. For the implementation of the project requested under

this action, the situation is stable in the area. The area is accessible by road and the field teams can operate unimpeded during the project implementation period.

### 2.6. Risk Analysis

Road infrastructure conditions, especially in the affected regions of both countries, make it difficult for the population and institutions linked to the emergency to mobilize their personnel and equipment.

### 2.7. Sustainability / Exit strategy

The active involvement of participants in the implementation of the proposal will contribute to create a sense of ownership and sustainability. Also, capacity building and leadership is incorporated as a cross-cutting approach throughout the project cycle with to community members will. Contributing to the sustainability of the proposed actions.

### **2.8.** Building capacity of national members

The project to included and budgeted activities for capacity building of the ACT Forums El Salvador and Honduras, such as CHS, also strengthen the activities to cash transfer, to ensure the project in accordance with the revised ACT humanitarian policies and requirements.

The project will conduct activities to communication with the target groups, feedback and complaints mechanism for beneficiaries involved.

# 3. PROJECT IMPLEMENTATION

Does the proposed response honour ACT's commitment to Child Safeguarding?	☐ No
---	------

The proposed interventions aim to provide humanitarian assistance to households affected in the region, to meet their basic food needs, access to water, and hygiene kits. In summary, the support is oriented to carry out activities related to the delivery of cash transfers, delivery of food kits, hygiene kits and repair and maintenance of a water distribution system for domestic use.

In El Salvador, Sinodo Luterano Salvadoreño, ALFALIT and CAID are going to provide unconditional cash to 547 households affected by floods, in order to cover for their most pressing needs. There is an MoU signed between the forum and a Governmental bank, through which the cash delivery will be directed to the beneficiaries.

In Honduras, there are 5 implementing organizations aiming to support 563 households with food kits delivery to improve the food security of families affected by the floods.

### 3.1. ACT Code of Conduct

Implementing Members of El Salvador and Honduras adhere to the ACT Alliance Code of Conduct. Any violation of this code will be sanctioned. The ACT Code of Conduct will be a mandatory document to be signed by the staff. The beneficiaries will also be guided by the main values of the Code of Conduct with special focus on the prevention of (sexual) exploitation and abuse.

### 3.2. Implementation Approach

Given the multiple needs of the communities affected, the distribution of unconditional cash to beneficiaries is regarded as the most effective approach to benefit the affected households. Cash can be used to cover a wide range of needs. The design of the project takes into consideration the lessons learned from previous experiences in El Salvador. In Honduras the response also includes delivery of food kits.

### 3.3. Project Stakeholders

The Lutheran World Federation will be responsible for the coordination, monitoring and administration of the response, in close coordination with the implementing organizations in Honduras and El Salvador respectively. Coordination will be essential to ensure that there is no duplication of efforts, a collaborative approach. Implementation, monitoring and reporting will be coordinated between organizations involved in the response with the Guatemala forum members. All the participating organizations are responsible for coordination with local leadership at the community level, local government bodies, and the humanitarian country team.

### 3.4. Field Coordination

The implementing organizations in El Salvador and Honduras will coordinate efforts with entities such as the Humanitarian Country Teams, related National Ministries, churches and organizations that are relevant to the issue of emergency that are present in the affected areas.

### 3.5. Project Management

Lutheran World Federation will be responsible for the overall implementation of the appeal. Regular meetings will be carried out in order to share information concerning progress in implementation. Monitoring and evaluation will include regular visits to follow up on the achievement of results. Feedback from beneficiaries and other stakeholders will be collected throughout the implementation of the project, and monthly coordination meetings will be carried with the participating organizations to share how the feedback is being considered within the project. A final report will be submitted following the guidelines provided by ACT. LWF will sign a cooperation agreement with each implementing organization, and a general coordinator will be hired to assure the timely execution of the project with quality and accountability.

### 3.6. Implementing Partners

ALFALIT and The Lutheran Synod are members of the ACT Forum in El Salvador, with experience in long-term development process as well as humanitarian response. ISD is a Christian Aid Local Partner with a strong work in transparency, advocacy and fraud prevention.

In Honduras the involved implementing organizations are part of the ACT Forum as guests, with strong skills in long term development processes as well as in Humanitarian response. LWF will be responsible for the overall monitoring and evaluation of the project. Agreements will be signed with each organization.

### 3.7. Project Advocacy

The ACT Forums from El Salvador and Honduras will work in coordination with local governments in proposed areas in a coordinated manner. The forums will also advocate with different sectorial authorities of local governments and national emergency commission

### **Basic implementation plan**

ACTIVITIES		2	3
A.1. Meetings with bank entities and establish agreements for cash transfers.			
A.2. Train technical personnel and community leaders about cash transfers.			
A.3. Explore local market to verify if there is enough food availability.			
A.4. Deliver the funds, purchases the products and grocery items.			
A.5. Monitoring			
B.1 Formation of evaluation and purchasing committee			
B.2 Product quote.			
B.3 Acquisition and distribution of food kits.			
B.4 Monitoring to deliveries	_		

CHS Traning		
Administrative and Financial Follow-up		
Technical Supervision by project staff		
SITREPS		
Interim and final reports of the project		
Monitoring		
Audit		
Complaint mechanisms / information sharing		

# 4. PROJECT MONITORING

### **4.1.** Project Monitoring

LWF will be closely monitoring the project. There will be a project coordinator who will be responsible for tracking the performance and ensuring that the targets and results are met and reported against. The coordinator will facilitate monitoring tools to the implementing organizations to assure that the methodology applied are properly.

### **4.2.** Safety and Security plans

El Salvador and Honduras have some of the highest violent crime rates in Latin America. Despite the high levels of crime, the risk is reduced by establishing norms for security and protection of response implementers and training in risk identification in the beneficiary communities. General security measures will be installed by the project. The staff will implement the LWF Safety and Security Policy, Safety and Security Handbook and the Country Safety and Security Plan. Safety and Security is monitored by the LWF in coordination with the forum members and partners.

### 4.3. Knowledge Management

Knowledge management will be carried out through the systematic collection and recording of best practices and lessons learned. These will be shared in with other stakeholders having similar responses. Feedback will be provided to the participants and ACT Alliance members.

# 5. PROJECT ACCOUNTABILITY

### 5.1.1. Participation

The implementing members of the ACT forums in El Salvador and Honduras will ensure the active participation of affected households. The will actively involve them in each phase, from planning, selection and implementation, to evaluation. This will allow for transparency of the project and participation in decision-making and beneficiary selection.

### 5.2. Conflict sensitivity / do no harm

The implementing organizations will establish close coordination with the participants, municipalities, and local leadership to minimize the possible harm in the short and long term, taking into account the code of conduct principles. To avoid conflict, the project will be implemented in close coordination with local governments and local leadership. To minimize this risk, the members of the ACT Forum of Honduras and El Salvador will consult with interested parties, respecting the voice of the community.

### **5.3.** Complaints mechanism + feedback

LWF will play a facilitator role while ensuring technical inputs and intervene as and when needed. Through this process, LWF in coordination with the implementing organizations will make sure that the participants groups are involved in all the phases of the project ensuring accountability and transparency. Any potential complaints would be duly addressed through a complaint mechanism, which will be put in place and clearly communicated to right holders. LWF and the implementing

Anneal

organizations will ensure that there is a Complaints Response Mechanism (CRM) in place at project operational areas.

### **5.4.** Communication and visibility

Implementing organizations will ensure that the necessary communication and visibility of the project is carried out. The project coordinator will share the necessary information related to the project. The visibility will be done through banners, t-shirts, with the ACT Alliance logo to communicate about the emergency response made by the members of the alliance: LWF, SLS, ALFALIT, ISD / CAID, CASM / ASONOG, ADEPES / HEKS Local, CDH / CAID and Vecinos Honduras / HEKS. Whenever possible, the stories of the beneficiaries will be made with the affected households to reflect the outcome of this emergency response.
