<b>Impact:</b> To save lives, reduce vulnerability and alleviate suffering of Idai cyclone disaster affected populations in Mozambique, Malawi and Zimbabwe.			
<b>Outcome(s)</b>	<b>Output(s)</b>	<b>Objectively verifiable indicators</b>	<b>Means of verification</b>
<p><b>1.1 Shelter &amp; NFIs:</b></p> <p>Cyclone IDAI households (men, women and youth) supported in meeting their basic needs through the provision of vouchers, basic non-food items and have improved shelter</p>	<p><u>Mozambique:</u></p> <p>1.1.1 <b>CEDES</b> 6 assessments in six locations to identify shelter beneficiaries.</p> <p>1.1.2 <b>CEDES</b>-500 urban based households receive shelter. cash/voucher worth (\$310 USD).</p> <p>1.1.3 <b>CEDES</b>- 5,000 HH receive an NFI kit<sup>1</sup>.</p> <p>1.1.4 <b>LWF</b>-500 HH receive emergency shelter/house construction material.</p> <p>1.1.5 <b>FCA</b> 2100hh assisted with dignified shelter materials.</p> <p>1.1.6 <b>FCA</b> 2100HH supported with HH NFIs</p> <p>1.1.7 <b>FCA</b> 1600HH assisted to construct shelter.</p> <p><u>Zimbabwe:</u></p> <p>1.1.5 <b>CAID</b>- 1,000 shelter voucher kits.</p> <p>1.1.6 <b>CAID</b> – 350 Reconstruction kits vouchers.</p> <p>1.1.7 <b>DCA</b> -1,200 shelter kits</p> <p><b>NFI</b></p>	<p><i>Outcome Indicator:</i></p> <p>% of beneficiary households satisfied with the shelter and non- food item assistance they receive(d).</p> <p><i>Output Indicator:</i></p> <p># of HHs receiving essential NFIs items.</p> <p>#of HH receiving shelter assistance (material/vouchers).</p>	<ul style="list-style-type: none"> <li>• Signed Distribution lists/Agreements.</li> <li>• Post-distribution monitoring reports/ feedback surveys.</li> <li>• Procurement documents.</li> <li>• Beneficiary selection/HH visit documents.</li> <li>• Photo documentation.</li> <li>• Field visit reports.</li> <li>• End of project review.</li> </ul>

<sup>1</sup> NFI kit contains 1 Cooking Set, 2 (Two) Blankets), 2 (Two) Bed Mats, 2 Mosquitoe Nets, 2 (Two) plastic sheeting tarpaulin of 20m<sup>2</sup> 1 (one )nylon rope), of 30 meters length, 1 (One) Washing Basin of 60 cm Diameter, 1 (One) Bucket with Lid of 20L, 2 (Two) Jerry Cans of 20L, 5 Bar Soap, 120 Aqua tabs(Enough for 60 Days) and Sanitary Pads (2 packs for HH/month over 2 months).

	<p><u>Mozambique:</u>  1.1.8 <b>CEDES</b>- 5,000 HH receive NFI kits <sup>2</sup>  1.1.9. <b>LWF</b>- 1,500 HH receive NFI Household kits.</p>		
<p><b>1.2 Food Security:</b></p> <p>Improved accessibility to quality and timely food and nutrition support assistance through cash, vouchers, kits distribution and enhanced health and nutrition practices for affected persons.</p>	<p><u>Mozambique:</u>  1.2.1 <b>CEDES</b>-5000 HH are provided with food kits <sup>3</sup>.  <u>Malawi:</u>  1.2.3. <b>CARD</b>- 800 HH receive 50 kg Maize for 4 months.  1.2.4 <b>CARD</b>– 800 HH receive 10 kg for 4 months.  1.2.5 <b>CARD</b>- 800 HH receive 2 litres Cooking oil for 4 months.  1.2.6 <b>CARD</b>- 8 On-site post distribution monitoring.  1.2.7 <b>CARD</b>- 1,100 ration cards are printed.  1.2.8. <b>ELDS</b>- 1600 HH receive 50 kg Maize for 4 months.  1.2.9 <b>ELDS</b>– 1600 HH receive 10 kg for 4 months.  1.2.10 <b>ELDS</b>- 1600 HH receive 2 litres Cooking oil for 4 months.  1.2.11 <b>ELDS</b>- 16 On-site post distribution monitoring.  1.2.12 <b>ELDS</b>- 2,200 ration cards are printed.</p>	<p><i>Outcome Indicator:</i></p> <p>% of beneficiaries that report improved access to food and nutrition support.</p> <p><i>Output Indicator:</i></p> <p># of HHs receiving and consuming food and nutrition assistance.</p> <p># of people attending awareness sessions (M/F).</p> <p># On-site and post distribution monitoring reports.</p> <p># ration cards printed</p>	<ul style="list-style-type: none"> <li>• Signed Distribution lists/Agreements.</li> <li>• Post-distribution monitoring/ feedback surveys.</li> <li>• Procurement documents.</li> <li>• Beneficiary selection/HH visit documents.</li> <li>• Photo documentation.</li> <li>• Post Food Distribution survey reports.</li> </ul>
<p><b>1.3 Water, Sanitation and Hygiene (WASH)</b> Better access to safe water &amp; sanitation facilities, and improved hygiene practices</p>	<p><u>Mozambique:</u>  1.3.1 <b>CEDES</b>- 5,000 HH receive NFI kit which contains WASH items <sup>1</sup>.</p>	<p><i>Outcome Indicators:</i></p> <p>% of beneficiaries having increased access to water and sanitation facilities (M/F).</p>	<p><b>Water, Sanitation and Hygiene (WASH)</b></p> <ul style="list-style-type: none"> <li>• Signed distribution lists/agreements.</li> <li>• Session attendance lists.</li> <li>• Pre/Post-tests.</li> </ul>

<sup>2</sup> NFI Kit- Cooking set, 2 blankets, 2 (two) bed mats, 2 (two) mosquito nets, 2 (two) plastic sheeting tarpaulin, of 20m2, 1 (one) nylon rope of 20 metres length, 1 (one) washing basin of 60cm Diameter, 1 (one) bucket with lid of 20L, 1 (two) Jerry cans of 20L, 5 bar soap, 120 Aqua tables enough for 60 days, and sanitary pads 2 packs per HH/Month over 2 months.

<sup>3</sup> Maize 100kg, per HH for 2 months, Beans, 20 Kg per HH for 2 months, Oil 2 LTS per HH for 2 months, Salt 1 kg per HH for 2 months, Sugar 4 kg per HH for 2 months.

<p>through the provision of WASH infrastructure, hygiene kits, trainings and sessions.</p>	<p>1.3.2 <b>CEDES</b>- 120 persons receive Training of Trainers (ToT) on hygiene and sanitation education.</p> <p>1.3.3 <b>LWF</b>- 1500 HH receive WASH Kits.</p> <p>1.3.4 <b>LWF</b>- 500 HH receive water purification sachets</p> <p>1.3.5 <b>LWF</b> 50 water sources are rehabilitated or disinfected.</p> <p>1.3.6 <b>LWF</b> 50 water committees are established after water points are rehabilitated.</p> <p>1.3.7 <b>LWF</b> 50 latrines are rehabilitated and/or constructed.</p> <p>1.3.8 <b>LWF</b> 300 community health workers are trained.</p> <p>1.3.9 <b>LWF</b> 3 sensitization campaigns are held.</p> <p>1.3.10 <b>LWF</b> 3 radio messages are aired.</p> <p>1.3.11 <b>LWF</b> 3 communication material produced.</p> <p>1.3.12 <b>LWF</b>- 500 HH receive incentives for latrines construction.</p> <p>1.3.13 <b>LWF</b>- interactive health messages given.</p> <p>1.3.14 <b>LWF</b>- HH surveys conducted.</p> <p>1.3.15 <b>DCA</b> 3200HH assisted with water containers</p> <p>1.3.16 <b>DCA</b> 3200HH assisted with water treatment chemicals</p> <p>1.3.17 <b>DCA</b> 3200HH assisted with hygiene kits</p> <p><u>Zimbabwe:</u></p> <p>1.3.15. <b>CAID</b>- 2,250 HH receive WASH kits<sup>4</sup></p>	<p>% of beneficiaries with improved hygiene &amp; sanitation practices (M/F).</p> <p><i>Output Indicator:</i></p> <p># of WASH kits distributed.</p> <p># of beneficiaries attending hygiene promotion sessions (M/F).</p> <p># of HH receiving Hygiene assistance (M/F).</p> <p># of people with access to enough and safe water for domestic use. (M/F).</p> <p># of latrines rehabilitated and/or constructed (M/F).</p> <p># of hygiene sensitization campaigns held.</p> <p># of communication material produced and radio messages aired on use of safe domestic water and proper hygiene practices.</p> <p># of interactive health messages given.</p> <p># of latrines constructed.</p> <p># HH surveys conducted.</p>	<ul style="list-style-type: none"> <li>• KAP/ Post-distribution monitoring/ feedback surveys/field visit evaluation reports.</li> <li>• Procurement documents/construction reports.</li> <li>• Beneficiary selection/HH visit documents.</li> <li>• Attendance sheets.</li> <li>• Focus Group Discussion minutes.</li> </ul>
--	--	--	--

<sup>4</sup> WASH Kit contains soap, aqua tabs, buckets and Jerry cans.

	<p>1.3.16. <b>CAID</b>- 25,200 HH will receive hygiene kits.</p> <p>1.3.17 <b>HEKS/EPER</b>- 1,000 HH receive WASH kits.</p> <p>1.3.18 <b>HEKS/EPER</b> 500 HH receive toilet construction vouchers.</p> <p>1.3.19 <b>HEKS/EPER</b> 90 sessions on PHHE to communities in the wards of operation.</p> <p>1.3.20 <b>HEKS/EPER</b> Distribution of IEC materials on hygiene education to communities in the wards of operation.</p> <p>1.3.21 <b>HEKS/ -EPER</b> 30 builders receive builder tools for toilets.</p> <p>1.3.22 <b>HEKS/ -EPER</b> 25 boreholes are rehabilitated.</p> <p><u>Malawi:</u></p> <p>1.3.23 <b>CARD</b>- Water Guard distributed to 800 HH (2 bottles/HH/month).</p> <p>1.3.24 <b>CARD</b>- 800HH are provided with buckets (20L with cover).</p> <p>1.3.25 <b>CARD</b>- 8 Awareness meetings held on WASH.</p> <p>1.3.26 <b>CARD</b>- 15 Water points are rehabilitated, and water point committees trained.</p> <p>1.3.27 <b>CARD</b>- 4 Hygiene and Sanitation hygiene campaigns are held.</p> <p>1.3.27 <b>ELDS</b>- 1600 HH receive 2 bottles of water guard for 3 months.</p>	<p># community health workers trained.</p> <p># of boreholes rehabilitated.</p>	
--	--	---	--

	<p>1.3.28 <b>ELDS</b> 1600 Buckets are distributed to affected HH.</p> <p>1.3.29 <b>ELDS</b> 32 hygiene awareness campaigns are held among affected communities.</p> <p>1.3.30 <b>ELDS</b> 16 safe sanitation campaigns are held among affected community members.</p> <p>1.3.31 <b>ELDS</b> 30 water points are rehabilitated and water point committees strengthened/established.</p>		
<p><b>1.4 Health and Nutrition:</b></p> <p>Improved access to food and nutrition requirements for especially for under five have reduced risk to malnutrition.</p>	<p><u>Malawi:</u></p> <p>1.4.1. <b>CARD</b> -600 HH with under five receive Corn Soya Blend at 10 kg per HH for 4 months.</p> <p>1.4.2. <b>CARD</b> – 800 HH receive edible cooking oil 2 L per HH for 4 months.</p> <p>1.4.3 <b>CARD</b>- 8 health and nutrition sensitization campaigns.</p> <p>1.4.4 <b>CARD</b>- 8 sessions held to sensitize affected communities on best nutrition services.</p> <p>1.4.5 <b>ELDS</b>- 1,200 HH receive 10kg per month of CSB for 4 months.</p> <p>1.4.6 <b>ELDS</b>- 1,600 HH receive edible cooking oil t 2 L per household per month for 4 months.</p> <p>1.4.8 <b>ELDS</b>- 16 nutrition best practise sessions are held among affected communities.</p>	<p><i>Outcome Indicator</i></p> <p><i>% of HHs report having improved access to nutrition services.</i></p> <p><i>% of beneficiaries with improved knowledge of health and nutrition risks.</i></p> <p><i>Output Indicator</i></p> <p># of HH who have received CSB, edible cooking oil (M/F)</p> <p>#of cases referred for further treatment(M/F).</p> <p># of people participate in nutrition sensitization campaigns (M/F).</p> <p># of community nutrition sensitization sessions held.</p>	<p><b>Health and Nutrition:</b></p> <ul style="list-style-type: none"> <li>• Procurement records.</li> <li>• Distribution lists and list of beneficiaries.</li> <li>• Referral records.</li> <li>• Medical reports.</li> <li>• Attendance lists for sessions.</li> <li>• Home visits and interviews.</li> <li>• Monitoring reports.</li> </ul>

**Assumptions**

- Funds are available and released in a timely manner.
- Quality and quantities required for food and NFIs are available.
- Emergency response is not disrupted by extreme weather events or other political situations.
- Local markets are functional and coordination with government, clusters and other stakeholders will be maintained.
- Supply of relief materials by selected service providers is adequate and timely.
- Economic situation remains stable in all three countries. No large currency fluctuations, markets are well stocked and functioning to carry out program implementation
- Local stakeholders are supportive, responding and participating in the projects.
- Beneficiaries are willing to participate in projects

- Government relations with ministries and authorities are regularly maintained to obtain necessary project permissions and approvals and Governments grant project approvals/ necessary permissions in a timely manner.
- Climatic Conditions remain stable (including for irrigation).
- Education authorities approve construction permits on selected sites.
- Construction materials are available and can be delivered timely.
- Enough quantities for NFI kits and food packs are available.
- Active support from (Instituto Nacional de Gestão de Calamidades) INGC and local church members and community leadership.
- Project communities are accessible so distribution can take place.
- Personnel can be recruited to fit advertised positions.
- Coordination with INGC and cluster members are maximized and information on gaps are clear.
