

Goal	Communities affected by the earthquake In Afghanistan have reduced vulnerability as a result of timely, coordinated and needs based emergency and recovery assistance							
Objectives	Outcome	Outputs	Key Indicator	Organisation	Target		Data Source/ Collection Method	Frequency of reporting
					No of Persons	Location		
To provide Food and cash assistance to earthquake affected communities in western Afghanistan.	• Earthquake affected communities have access to food, essential non-food items and winterization items improving their resilience to disasters and emergencies (CWSA, CAID)	Earthquake affected communities received multi purpose cash assistance for food and essential needs	# of Households received cash for food and essential needs	CWSA	1000HHS	Herat Province	1.Participants database 2.Lists of Selected Households 3.Distribution & verification Lists 4.Verification and PDM reports	Quarterly
		Earthquake affected communities received in-kind food packages	# of Households received food packages	CAID	2400HHS	Herat Province	1.Participants database 2.Lists of Selected Households 3.Distribution & verification Lists 4.Verification and PDM reports	Quarterly
		Earthquake affected communities received ESNFI kits (winterization kits)	# of Households received winterization kits	CWSA	1000HHS	Herat Province	1.Participants database 2.Lists of Selected Households 3.Distribution & verification Lists 4.Verification and PDM reports	Quarterly
		Earthquake affected communities received cash for winterization	# of Households received cash for winterization	CAID	326 HHS	Herat Province	1.Participants database 2.Lists of Selected Households 3.Distribution & verification Lists 4.Verification Report	Quarterly
		Earthquake affected communities received cash for NFIs	# of Households received cash for NFIs	CAID	300 HHS	Herat Province	1.Participants database 2.Lists of Selected Households 3.Distribution & verification Lists 4.Verification Report	Quarterly
Communities have improved shelters to protect them from harsh winter.	• Families affected by the earthquake experience improving living conditions and enhanced shelter security, ensuring their safety and well being. (CWSA, CAID)	Earthquake affected communities received Shelter (tents)	# of Households received Shelter (tents)	CWSA	1000HHS	Herat Province	1.Participants database 2.Lists of Selected Households 3.Distribution & verification Lists 4.Verification and PDM reports	Quarterly
		Earthquake affected communities received Shelters	# of transitional shelters (two rooms) constructed	CAID	100 HHS	Herat Province	1. Participants database 2. List of selected households 3. Construction design 4. BoQs 5. Completion report	Quarterly
		Earthquake affected communities received Shelters	# of transitional shelters (one room) constructed	CAID	100 HHS	Herat Province	1. Participants database 2. List of selected households 3. Construction design 4. BoQs 5. Completion report	Quarterly
		Earthquake affected communities received Shelters	# of partially homes/shelters repaired	CAID	100 HHS	Herat Province	1. Participants database 2. List of selected households 3. Construction design 4. BoQs 5. Completion report	Quarterly
		Earthquake affected communities received Shelters	# of severely damaged shelters repaired	CAID	100 HHS	Herat Province	1. Participants database 2. List of selected households 3. Construction design 4. BoQs 5. Completion report	Quarterly
Affected communities can support basic repair of water supply via wash committees	Wash committees trained on basic repair of water supply	# of WASH Committees established	CAID	20 Committees	Herat Province	1. Beneficiary Database 2. Attendance sheet 3. Activity Completion Report 4. Photographs	Quarterly	
		# of WASH committee members trained	CAID	100 Individuals	Herat Province	1. Beneficiary Database 2. Attendance sheet 3. Activity Completion Report 4. Photographs	Quarterly	

Goal		Communities affected by the earthquake In Afghanistan have reduced vulnerability as a result of timely, coordinated and needs based emergency and recovery assistance						
Objectives	Outcome	Outputs	Key Indicator	Organisation	Target		Data Source/ Collection Method	Frequency of reporting
					No of Persons	Location		
To improve access to water, sanitation and hygiene facility to affected communities.	Increased access to safe and hygienic sanitation facilities, clean water supply overall health and well-being of affected communities. (CAID)	Earthquake affected communities have received training on hygiene practices	# trainings conducted on health and hygiene	CAID	80 Sessions	Herat Province	1.Attendance sheets 2. Training Agenda 3.Training Modules 4. Report	Quarterly
		Earthquake affected HHs received hygiene kits	# of hygiene kits distributed	CAID	900 HHs	Herat Province	1.Lists of Selected Households 2. Distribution Lists	Quarterly
		Communities have access to safe sanitation facilities (laterine and bathing space)	# of sanitation facilities constructed	CAID	60 Facilities	Herat Province	1.Activity completion report 2.Monitoring report 3. Photographs	Quarterly
		HHs have access to safe drinking water	# of pipe schemes constructed # of HHs have access to clean drinking water	CAID	3 pipes constructed 450 HHs have access to clean drinking water	Herat Province	1.Activity completion report 2.Monitoring report 3. Photographs	Quarterly
To improve the psycho-social condition of children & women affected by earthquake.	Enhanced mental health and psychosocial well-being of earthquake affected communities	Earthquake affected communities received psychosocial support and counselling	# of individuals who received mental health and support	CAID	2500 individuals	Herat Province	1.Record of patients 2.Feedback from participants	Quarterly
		Earthquake affected communities referred to other hospitals for support	# of individuals referred to other organizations or hospitals for specialized support service	CAID	300 Individuals	Herat Province	1. Record of Health Units 2. Record of Patients/People Referred 3. Feedback Forms from People	Quarterly
To improve staff and partners capacity to address humanitarian needs, ensure protection of most vulnerable through good understanding of international quality and accountability.	Selected humanitarian organisations have increased understanding on international quality and accountability standards for an effective response to the affected communities by ensuring quality and accountability (CWSA)	Local NGOs have improved understanding of Quality & Accountability, CFM, SPHERE and CHS standards	# of trainings conducted	CWSA	6	Nationwide	1. Registration Forms 2. Participants database 3. Training Agenda 4. Training Course/Modules	Quarterly
