

Project Results Framework

Project Title: COL261 Integrated Emergency Assistance, Psychosocial Support, and Critical Infrastructure Rehabilitation for Earthquake-Affected Communities in Colombia

Project start date: 09/01/2026

Project duration: 08/30/2027

	Description	Indicator	Target	Implementing Organisation	Location	Means of Verification	Frequency of measurement
Strategic Objective	Earthquake-affected communities in Quibdó, Istmina, Nóvita, Unión Panamericana, Tadó, San José del Palmar, Medio Baudó, Bajo Baudó, and Atrato experience reduced humanitarian suffering, restored dignity, and strengthened resilience through safe shelter access, community repair, and community-based protection and income initiatives.	Percentage of target earthquake-affected population reporting restored dignity, safety, and resilient recovery in their communities.	85%	ALL	CHOCÓ	Multi-sector post-distribution survey, Community assemblies and evaluation meetings, municipal disaster registry	Quarterly
Outcome 1	Emergency Shelter & Dignified Housing Recovery: Targeted earthquake-affected households across 9 municipalities secure safe, dignified short- and mid-term living arrangements.	Number of vulnerable households with access to safe, dignified short- and mid-term shelter arrangements.	4000 households	LFM/LWF	CHOCÓ	Post-Distribution Monitoring (PDM) reports, shelter assessment database, community governance records	Monthly
Output 1.1	Provision of transitional shelter support and rental subsidies for displaced families unable to immediately repair primary residences.	Number of displaced families receiving transitional shelter support or rental subsidies.	400 families	LWF (with IELCO)	CHOCÓ	Shelter subsidy distribution registries, rental agreements, LWF field monitoring records	Bi-monthly
		Number of reconstruction kits delivered to the most affected families. HEKS	500 kits	HEKS/EPER	CHOCÓ	Assessment report, database.	Quarterly
Output 1.2	Distribution of essential NFI kits (cooking sets, bedding, household hardware, and hygiene items).	Number of Shelter Kits provided to the target families in Quibdó, Istmina, Baudó and Atrato (Including: kitchen kit, mattress, latrine and first aid kit). - HEKS	4000 kits	LWF (with IELCO)/ HEKS/EPER	CHOCÓ	Distribution registries, signed receipt logs, PDM surveys	Monthly
Output 1.3	Structural conditioning, upgrading, and dotation of collective centers and temporary shelters to guarantee dignified living conditions.	Number of collective centers and temporary shelters upgraded and fully equipped.	3 centers	LWF (with IELCO)	CHOCÓ	Technical completion certificates, center registers, monitoring reports	Quarterly
Outcome 2	Protection, Rights, and Community MHPSS Protection risks are mitigated and emotional well-being is restored among high-risk populations through culturally grounded psychosocial care and legal protection pathways.	Percentage of targeted individuals reporting improved emotional well-being and reduced protection risks.	85%	LWF / HEKS/EPER	CHOCÓ	Pre/post-intervention psychosocial evaluation surveys, safe space registers, referral logs	Monthly
Output 2.1	Mobile protection teams (psychologists and legal advisors) provide technical support, group psychosocial sessions, and legal accompaniment to local partners and communities.	Number of individuals receiving technical support, psychosocial care, or legal accompaniment from mobile teams.	1,500 individuals	LWF/HEKS (with Diocese)	CHOCÓ	Mobile team databases, activity logs, signed participant sheets	Monthly
Output 2.2	Establishment and operationalization of safe spaces dedicated to women, children, and youth in Quibdó, Nóvita, and Istmina.	Number of functional safe spaces established and active.	3 safe spaces	LWF (with COCOMACIA)	CHOCÓ	Safe space daily registration logs, child protection monitoring reports	Quarterly
Output 2.3	Activation of functional, survivor-centric protection and GBV referral pathways linked to local authorities.	Number of functional protection and GBV referral pathways active and linked to local authorities.	3 active referral pathways	LWF (with COCOMACIA)	CHOCÓ	Referral pathway maps, signed inter-agency agreements, case escalation tracking database	Monthly
Output 2.4	Provision of Multi-Purpose Cash Assistance (MPCA) paired with individual case management for households facing acute protection vulnerabilities.	Number of vulnerable households receiving 3 disbursements of MPCA.	800 households	LWF (with COCOMACIA)	CHOCÓ	Bank transfer receipts, digital payment logs, case management files	Monthly
Output 2.5	Community-led rights outreach campaigns addressing GBV prevention, human rights protection, and available services.	Number of community members reached through rights outreach campaigns.	10,000 individuals	Joint LWF/HEKS	CHOCÓ	Campaign reports, community radio logs, brochures and posters distributed	Monthly
Output 2.6	Structured MHPSS and emotional containment delivered via culturally adapted pedagogical tools in coordination with the Diocese of Istmina.	Number of individuals receiving structured MHPSS sessions.	1,500 individuals	HEKS/EPER (with Diocese)	CHOCÓ	Activity reports, parish participant records, training logs	Monthly
Outcome 3	Resilient Infrastructure Reconstruction Critical public health and educational facilities are reconstructed using "Build Back Better" seismic-retrofitting techniques	Number of critical health, education, and community facilities safely rehabilitated and functional.	7 facilities (5 health, 2 schools/centers)	HEKS/EPER	CHOCÓ	Engineering handover documents, municipal approvals, community feedback	Quarterly
Output 3.1	Structural reconstruction and seismic retrofitting of 5 primary and secondary health facilities (Levels 1–2).	Number of Level 1-2 health facilities reconstructed/seismically retrofitted.	5 health facilities	HEKS/EPER	CHOCÓ	Inspection reports, structural design plans, municipal handover agreements	Quarterly
Output 3.2	Rehabilitation and structural stabilization of 2 damaged schools and community centers.	Number of schools and community centers rehabilitated and stabilized.	2 facilities	HEKS/EPER	CHOCÓ	Technical stability certificates, local school board handovers, final site reviews	Quarterly
Outcome 4	WASH & Environmental Public Health Systems Access to safe water and institutional sanitation is restored, mitigating waterborne and vector-borne outbreak risks.	Number of individuals with restored access to clean water and functional institutional waste management.	5,000 individuals	HEKS/EPER	CHOCÓ	Water quality test results, facility usage statistics, household surveys	Quarterly

Output 4.1	Rehabilitation of community water management and institutional waste disposal systems—including heavy storage tank replacement—benefiting 5,000 individuals.	Number of water systems and institutional waste disposal systems rehabilitated.	5 community systems	HEKS/EPER	CHOCÓ	Technical completion certificates, water quality testing logs	Quarterly
Output 4.2	Implementation of Infection Prevention and Control (IPC) protocols and vector-control measures across target communities.	% of targeted health facilities and schools demonstrating strict adherence to IPC standards.	100% of targeted facilities	HEKS/EPER	CHOCÓ	IPC audit checklists, hospital/school administrative records	Monthly
Outcome 5	Livelihoods & SCLR Economic Recovery Earthquake-impacted micro-entrepreneurs and community organizations regain economic self-reliance through market-driven asset replacement and financial recapitalization.	Number of community organizations and micro-entrepreneurs active and economically self-reliant.	88 (8 orgs, 80 businesses)	HEKS/EPER	CHOCÓ	SCLR grant reports, transaction ledgers, business activity surveys	Monthly
Output 5.1	Rollout of 5 Survivor- and Community-Led Response (SCLR) micro-grants for community-prioritized economic initiatives following rapid market assessments.	Number of local organizations receiving SCLR community recovery grants (up to USD 10,000 each).	8 Community Organizations	HEKS/EPER	CHOCÓ	Signed SCLR grant agreements, community committee minutes, fund disbursement receipts	Bi-monthly
Output 5.2	Financial recapitalization and technical coaching (up to \$3,000 USD per business) provided to 150 damaged micro-enterprises to reactivate local markets.	Number of damaged micro-enterprises receiving financial recapitalization grants (up to USD 3,000) and technical coaching.	80 micro-enterprises	HEKS/EPER	CHOCÓ	Business recovery plans, asset purchase receipts, coaching attendance logs	Bi-monthly
